

The European Federation of Chemical Engineering and its
Working Party on Multiphase Fluid Flow

are pleased to present the

POSTER AWARD 2019

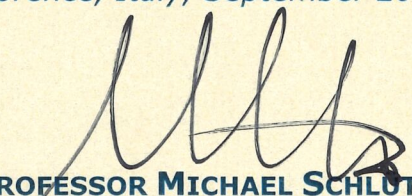

to

Viktoria Wiedmeyer

for the best poster

"Crystal growth simulation in a continuously operated helically coiled tube"
participating in the poster competition on *"Multiphase Systems"*.

Awarded on the occasion of the
12th European Congress of Chemical Engineering and 5th European Congress of Applied Biotechnology - ECCE12 & ECAB5
Florence, Italy, September 2019

PROFESSOR MICHAEL SCHLÖTER

CHAIRMAN OF THE WORKING PARTY ON MULTIPHASE FLUID FLOW
